

8:00 this Thursday with the Rothwells

Libby Faulk to: Brenda Morris, Donnak Inman

08/19/2008 10:53 AM

From: Libby Faulk/OCP/R8/USEPA/US

To: Brenda Morris/ENF/R8/USEPA/US@EPA, Donnak Inman/ENF/R8/USEPA/US@EPA

Hi Donna and Brenda,

I just spoke to Shawna Rothwell and she and her father can be available for a call on Thursday at 8:00. Same call-in number and conference code line which is:

1-866-299-3188

conference code: 3033126083

She's wondering what the hold up is. She's not mad but a bit frustrated. I told her that as far as I was aware, there was some interest to know more details about how much of the property really needed to be excavated and that we're also looking into the PVC concern. She mentioned that Cedar Creek did consider the PVC but didn't seem to be concerned. She said that just on the research she's been doing, the longer this takes, the more risk of the spread. Something we all know. She also mentioned that while she can't imagine finding another place like the one they have, she would feel better knowing that there was enough money for everyone to be bought out, should they need to sell. I told her that we hope to have some information for them in regards to what they can research through the Coast Guard.

I will be calling in to both the 8:00 call and the 10:00 call from the Utah airport.

Thanks, Libby
